

Experience Authentic & Immersive Exploration with Lindblad Expeditions-National Geographic

The Ultimate Expedition Fleet
The small expedition ships in the Lindblad Expeditions-National Geographic fleet take guests to wild and secluded places beyond the ports where tourists congregate—and they're equipped for in-depth exploration, with tools like kayaks, paddleboards, and Zodiacs.

Take Great Photos With the Pros
A Lindblad Expeditions-National Geographic certified photo instructor (CPI) joins each voyage and a National Geographic Photography Expert accompanies select departures to help travelers hone their camera skills and bring home the photos a lifetime.

Actively Explore Every Day
Explore your destination through a range of immersive activities, from kayaking and hiking to photo walks and cultural encounters. Activities and excursions are always included in the price of your voyage.

In-Depth Undersea Program
As part of our undersea program, developed in partnership with National Geographic, an undersea specialist joins each voyage to document and interpret the marine environment for our guests.

Pioneering Responsible Travel
When you travel with Lindblad Expeditions-National Geographic, you can explore with peace of mind, knowing that green practices are embedded into our everyday operations and that each voyage gives back to protect the natural and cultural heritage of the places we visit.

Tom Ritchie's Picks Unforgettable Expedition Experiences

Tom shares the experiences that have made the greatest impression on him and his travelers over the course of four decades leading voyages for Lindblad Expeditions.

- ★ **Explore Antarctica in the Spring**
Visit the White Continent in November or December to see it under the shifting light of spring, when twilight casts blue and purple hues over virgin snow.
- ★ **Follow in the Footsteps of Ernest Shackleton**
Trace the riveting story of Shackleton's fateful 1914 expedition to his final resting place on South Georgia.
- ★ **Swim With Stingless Jellyfish in Palau**
Dive into a crystal-clear lake and float among hundreds of rare stingless jellyfish for a mesmerizing underwater experience.
- ★ **Meet the Orangutans of Borneo**
Interact with orphaned orangutans of all ages at a rainforest reserve and rehabilitation center.
- ★ **Set Out on a Penguin Safari**
Delight in the chance to spot eight of the world's 18 penguin species, four of which are only found in New Zealand and the sub-Antarctic islands.
- ★ **Check Rare Species Off Your Birding List**
Spot rare birds like the Kākā on a voyage to New Zealand, home to nearly 100 endemic avian species.
- ★ **Commune with Iconic Galápagos Creatures**
Venture to Darwin's famed living laboratory and walk amid wildlife unfazed by your presence.
- ★ **Gain Special Access in Patagonia**
Be one of the few people in the world to witness the soaring peaks and thick beech forests of Isla de los Estados.

Receive 25% off plus a \$1,000 per person credit to offset your airfare on select 2023 and 2024 departures. Book between June 8-23, 2023

Favorite Expedition Experiences

2023-2024 VOYAGES | EXPEDITIONS.COM

EXCLUSIVE LIMITED-TIME OFFERS WORLD OCEAN DAY CELEBRATION SALE

Book select 2023 and 2024 departures between June 8-23, 2023 and receive 25% off plus a \$1,000 credit per person to offset your airfare.

Dear Traveler,

In 1977, I joined my first small-ship expedition as a naturalist and lecturer aboard the *M.S. Lindblad Explorer*. It's safe to say the experience stuck with me. I spent the next 45 years traveling to the far corners of the globe with Lindblad Expeditions, and I've been there as our team members—along with our inquisitive and intrepid guests—have discovered and designed some of the best experiences our wild planet has to offer.

I'm writing to share some favorite moments from my more than 700 expeditions across every ocean and continent. They run the gamut, from mind-blowing wildlife encounters to scenery so grand it defies superlatives. These experiences are linked by the imprints they left on my memory and by the camaraderie they kindled among all those who shared in them—whether they were a traveler visiting the destination for the first time or one of our experts who had devoted their life to exploring it.

As we celebrate World Ocean Day this June, I would like to extend an exclusive offer to help you enjoy these special experiences: **When you book any of the enclosed itineraries between June 8-23, 2023, receive 25% off the cost of the voyage, plus an additional \$1,000 per person credit to offset your airfare.** I hope they inspire you to discover even more of this wonderful world.

Sincerely,

Tom Ritchie
Tom Ritchie

Journey To Antarctica: The White Continent

 14 Days | From \$15,840. Sale Price From **\$10,880** Per Person
2023: Nov 27, Dec 7, 17, 27; 2024: Jan 16, 26, Feb 5

Travel with Inspiring Experts

Traveling with world-class naturalists, photographers, and scientists transforms an ordinary cruise into an extraordinary experience. We curate the expedition team for each voyage to ensure that you are getting in-depth perspectives from veteran and locally based guides with deeply personal connections to your destination. On select departures, you are also joined by fascinating guest speakers who offer new layers of insight into the places we explore.

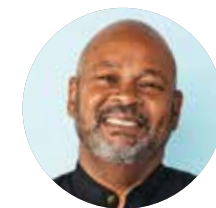

Christian Cooper, Journey to Antarctica: The White Continent, December 7, 2023

Christian Cooper is the Host and a Consulting Producer for the upcoming National Geographic series *Extraordinary Birder* and author of *Better Living Through Birding*. As the current Vice President of New York Audubon Society, he spreads the “gospel of birding” to enthusiasts of all ages.

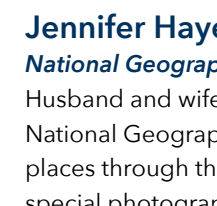

Louis Henry Mitchell, Southern Odyssey: New Zealand and the Subantarctic Islands, December 18, 2023

Louis Henry Mitchell is the Creative Director of character development for Sesame Workshop, the not-for-profit organization behind Sesame Street. On this expedition, he will give talks and sketching lessons designed to encourage guests to create artistic works inspired by their experience.

Susan Seubert, Antarctica, South Georgia, and the Falklands, November 7, 2023

Susan Seubert is an award-winning National Geographic Photography Expert who has published more than 30 feature stories for *National Geographic Traveler*. She lectures regularly at Harvard University and the Portland Art Museum.

Jennifer Hayes & David Doubilet, Galápagos aboard National Geographic Endeavour II, December 8, 2023

Husband and wife team Jennifer Hayes and David Doubilet are National Geographic Photography Experts who have explored wild places through the lens from Greenland to Galápagos. They join a special photography departure featuring an optional pre-voyage extension to the Ecuadorian Amazon.

Dr. Steve Croft, Journey Across the Remote Pacific, October 11, 2023

Astrophysicist Dr. Steve Croft is Project Scientist for the 8000-Green Bank Telescope, which is searching for signs of intelligent life beyond Earth. On our voyage, he will share how astronomical events give context to our place in the universe.
